

Wisconsin Union Policy WU6-1 Patron Code of Conduct

Certain conduct conflicts with the mission and values of the Wisconsin Union and is therefore prohibited:

Threats include statements, actions and behaviors that could reasonably be foreseen as having a purpose to inflict physical harm, even if the person making the threat doesn't have the ability to carry out the threat. Disorderly conduct does not require that a disruption actually occur.

- Obstructing or impairing Union or university activities or interfering with or impeding the ability of another patron to participate in such activities.
